## **Ashton Blasting to Resume Next Week**

ASHTON – Beginning Wednesday, September 7 the next phase of the US-20 and SH-47 project at Ashton will begin. The contractor will periodically be blasting rock that is under the roadway between September 7 and September 13. The blasting will occur in the construction area and motorists should anticipate longer than normal delays.

In addition, there will be a change in traffic pattern to accommodate work at the intersection. SH-47 traffic will be shifted onto the north side of the road with the south side closed for construction. US-20 and SH-47 will remain open to traffic in all directions.

Motorist should take care to watch for equipment and workmen, follow all signs and flaggers, and reduce speeds to posted limits.

Questions and concerns can be directed to HK Contractors office at (208) 523-6600.
